President's Message

Welcome to the start of another great school year at Allenwood! The Allenwood Parent Teacher Group (PTG) has planned an amazing year for the students and staff! The PTG provides financial support for educational and recreational needs, promotes open communication between administration, teachers and parents and encourages Allenwood school spirit and pride within our community. Please read on to learn about just a few of the opportunities we've planned for the fall, and how you can help the PTG to support our school. We welcome your ideas, time, energy, and financial support to make these plans a reality. Stay tuned for our brand new PTG website to learn more about all the exciting plans for this year. Let's build a great year together!
