February 2019

A Message from the Board

We would like to stress the importance of food and allergy awareness at Allenwood. There are a variety of food and non-food allergies that are present with our students. In an effort to continue an environment where all children can feel included in our celebrations, **please do not send in candy or any edible treats with your Valentine's cards.** Thank you for your continued support in keeping Allenwood a safe and healthy environment for all of our students.
