Pre heat oven to 300° (Makes approx. 2 dozen)

- Separate egg whites from 2 eggs and beat them until they form soft white peaks that stand up on their own.
- Slowly add in 1/2 cup of sugar - mixing constantly
- Mix in 1 tsp of vanilla
- Turn off mixer and fold in 1 cup of chocolate chips.

Cover cookie trays with parchment paper and spoon into heaping teaspoons approx. 2 inches apart.

Bake for approx. 30 minutes (cooking time varies by oven but they are done when they are no longer tacky to the touch.)
