President's Report - Lauren began the meeting by sharing that the board met last month to discuss some new spring activities while adhering to safety guidelines. You can find the ideas shared by the board on the PTG website under tab titled Minutes.

Lauren also provided an update on the new curtain track for the Allenwood stage. Ms. Laurie received an updated quote and the price remained the same from last year. Proceeds from Mr. Allen's Artsonia program and the Theatre Club's fundraiser last year will fund this project. Therefore, we will be moving forward with this capital project. Ordering and installation will be coordinated by the BOE. That means that the BOE will also be making the purchase and the PTG will make a donation or reimbursement to the BOE. Lauren submitted a check request to Jessica and presented Dr O'Connell with a check for \$4,577.95 last week. The BOE approved the donation this past Tuesday night during their Business Meeting. Lauren will continue to provide updates on the progress of the project.

The Virtual Science Fair packets will be available next Tuesday, March 23rd, on the PTG website. The Fair is open to all 3rd, 4th, and 5th graders. The packet outlines how to create and submit an experiment for the Fair and information was added since it will be held virtually this year. Any student who wishes to participate, must submit a permission slip to their homeroom teacher, who will be approving their experiment for the Fair, by April 16th.

Other Business: Capital Project- Shelter for Door 17

In 2018 Dr O'Connell approached the then Board about adding a shelter or "overhang" to Door 17. This is the door opposite of the Office Door that faces the Visitor Parking lot. After things were put on hold and other projects were a priority we are now revisiting this project. The BOE will be donating some money for this project to be completed.
